PEDIATRIC SEDATION
Outside of the Operating Room

SEPTEMBER 12-13, 2009
THE BOSTON PARK PLAZA | Boston, Massachusetts

Course Director: KEIRA P. MASON, MD Children’s Hospital Boston

2009 THEME: NEW FRONTIERS IN PEDIATRIC SEDATION
KEYNOTE LECTURE: Lessons from Mt. Everest: Responding Quickly to Changing Conditions

MULTIPLE LEARNING FORMATS:
• Large General Sessions
• Small Interactive Sessions with Faculty and Attendees
• NEW OFFERING - Concurrent Sessions with Specialized, In-Depth Tracks Which Explore Relevant, Critical and Emerging Topics and Themes: Billing, Dental, Dexmedetomidine, Hospital Medicine, Ketamine, Nursing, Propofol, Sedation Simulators

Call for Abstracts:
Deadline June 1, 2009
http://www.childrenshospital.org/pediatricsedationcourse

Approved for AMA PRA Category 1 Credit(s)™, ACEP, AANA, CEU and Risk Management credits.
PLANNING COMMITTEE:

Eduardo Alcaino, BDS(Hons), MDSc, FRACDS, Grad. Dip, Clin. Dent
Douglas Carlson, MD
Maureen Carrier, RN, BSN
Vincent Chiang, MD
Roberta Forman, RN, BSN
Steven Green, MD

Baruch Krauss, MD, EdM
Keira Mason, MD
Alan Milnes, DDS, PhD, FRCD
Morton Rosenberg, DMD
Douglas Stewart, DMD
Stephen Wilson, DMD, PhD

Course Coordinator: Amanda Buckley, BA
WELCOME LETTER

Dear Colleagues and Friends:

This conference represents the culmination of a year of tireless planning on the part of the Planning Committee and Course Administrator. Together we have worked hard to present what we hope will be a unique, enriching and exciting syllabus. We have strived to incorporate all the suggestions from prior years and some more of our own! Personally, I am excited about this year’s syllabus, as we have a diverse group of internationally and nationally recognized speakers from a variety of disciplines. I am grateful to all the speakers for accepting the invitation to participate, as I know that their presence will be invaluable. I am equally grateful to each and every attendee. Without the attendees we would not be able to have the diverse representation and exchange of ideas.

We have attendees from multidisciplines (emergency medicine, pediatric dentistry, hospital medicine, intensive care medicine, pediatrics, anesthesiology, nursing, oncology, cardiology, radiology, hospital administration) and from throughout the United States and the World (including Malaysia, the Netherlands, Israel, Canada, Australia, Hong Kong). We anticipate that the specialized tracks, round table luncheons and open forums will enable us to share our experiences, ideas, frustrations and challenges. The Planning Committee has deliberated long and hard to present a syllabus which we hope will interest specialists from every discipline and setting. We have also organized the Program to allow time for questions and to encourage you to participate in a lively exchange of ideas.

Your thoughts and comments are invaluable in planning future courses. This year incorporated the suggestions that were made by attendees from San Francisco, and the 2010 syllabus will again incorporate your suggestions. Feel free to approach myself, the Course Coordinator or any member of the Planning Committee with your suggestions.

September will be a beautiful time of the year in Boston! The city offers many cultural, historical and recreational activities. We hope you will take the opportunity to visit Boston next fall.

On behalf of the entire faculty, myself and the Course Coordinator, I would like to thank you for attending “Pediatric Sedation Outside of the Operating Room”. We hope that you find the course both educational and enjoyable. We look forward to seeing you in September.

Sincerely,

Keira P. Mason, MD
Course Director
Pediatric Sedation Outside of the Operating Room

COURSE OBJECTIVES

This multi-specialty represented conference is intended for physicians (anesthesia, dental, emergency medicine, gastroenterology, hospital medicine, internal medicine, oncology, pediatrics, radiology) nurses, nurse practitioners, nurse anesthetists and administrators interested in sedation. Our faculty is from the United States and abroad, and represents a collection of national and internationally-recognized experts. This conference attracts a diverse group of national and international attendees, all of whom share an interest in pediatric sedation. At the suggestion of past attendees, we have expanded our didactic sessions this year to offer multiple, concurrently-run, focused, personalized, specialized afternoon tracts featuring pertinent and timely topics of interests in the field of hospital medicine, pediatric dentistry and nursing. In addition, other afternoon tracts will feature in-depth expansion of topics which include Dexmedetomidine, Propofol, Ketamine, the role and application of the pediatric simulator as well as a provocative look at the Arts and Science of Sedation. Our didactics will continue to include large general sessions as well as an offering of small, interactive round-table discussions with the faculty and attendees. The Keynote Speaker will be David Breashears, the award winning producer and cinematographer who made history when he produced the first IMAX film entitled EVEREST, documenting his team’s ascent of Mount Everest on the fateful year which witnessed the most fatalities in the history of the mountain. His keynote lecture, Lessons from Mt. Everest: Responding Quickly to Changing Conditions should captivate us all.
Sample Topics Include:

• Pediatric Airway, Sleep Apnea and Response to Sedation
• PALS- An Update
• Institutional Approaches to Adverse Event Prevention
• Medical Legal Challenges to the Sedation Care Provider
• Billing, Reimbursement and Contract Negotiations: Which Codes Should I Use?
• Review of Sedation Options- Past, Present, and Future
• Making Practical Sense of NPO Guidelines
• Capnography for Procedural Sedation: An Emerging Standard of Care
• Nitrous Oxide for Procedural Sedation: An Innovative Approach
• Recovery and Discharge of Patients: Challenges and Pitfalls
• Systematic Support for Successful Sedation Services: The Hospitalist Perspective
• Coding and Billing for Hospitalists
• Planning a Safe Sedation
• Pharmacology, Pharmacokinetics, and Clinical Applications of Dexmedetomidine
• Dexmedetomidine for Non Painful Sedation
• Dexmedetomidine, Implications for the Future: What Studies are Needed?
• Pediatric Dental Sedation in 2009: Training, Scope of Practice and Challenges
• The Role of the Dental Simulator for Training of Sedation
• Clinical Applications of Pediatric Simulation Today and in the Future
• Computerized Ordered Entry: How to Reduce Mistakes
• Recovery after Dexmedetomidine: Nuances, Strategies and Observations
• The Pre-Sedation Review Process: Screening, Evaluation, and Triage
• Sedation: Combining the Art and Science of Procedural Sedation: A Case-Based Approach
• Propofol: Pharmacology, Pharmacokinetics, and Applications in Pediatrics
• Training Model for Propofol Administration by Emergency Medicine Physician
• Emergency Medicine Case Studies: Clinical Applications and Limitations
EDUCATIONAL GRANTS:

This program is supported in part by unrestricted educational grants from the following:

NATIONAL FACULTY

Richard Bourne, JD, Ph D  
General Counsel,  
Children’s Hospital Boston

Douglas Carlson, MD  
Chief, Pediatric Hospital Medicine  
St. Louis Children’s Hospital  
Associate Professor of Pediatrics  
Washington University

Lynne Ferrari, MD  
Chief, Perioperative Anesthesia Services  
Department of Anesthesiology  
Children’s Hospital Boston  
Associate Professor of Anesthesia  
Harvard Medical School

Elisabeth Guenther, MD, MPH  
Division of Pediatric Emergency Medicine  
Primary Children’s Medical Center, Utah  
Assistant Professor of Pediatrics  
The University of Utah

Robert (Bo) Kennedy, MD  
Associate Director,  
Educational Affairs Emergency Services  
St. Louis Children’s Hospital  
Professor of Pediatrics  
Washington University

Monica Kleinman, MD, FAAP  
Clinical Director,  
Medical/Surgical Intensive Care Unit  
Medical Director, Transport Program  
Children’s Hospital Boston  
Assistant Professor of Anesthesia  
Harvard Medical School

Baruch Krauss, MD, EdM  
Director, Inpatient Sedation Service  
Department of Emergency Medicine  
Children’s Hospital Boston  
Associate Professor of Pediatrics  
Harvard Medical School

Jerrold Lerman, MD, FRCPC  
Clinical Professor of Anesthesia  
Women and Children’s Hospital of Buffalo  
SUNY Buffalo

Shannon Manzi, Pharm D  
Clinical Pharmacist/Team Leader  
Department of Emergency Medicine  
Children’s Hospital Boston

Keira Mason, MD  
Director, Radiology Anesthesia and Sedation  
Department of Anesthesia  
Children’s Hospital Boston  
Associate Professor of Anesthesia  
Harvard Medical School
Pediatric Sedation Outside of the Operating Room

International Faculty

Eduardo Alcaino, BDS(Hons), MDSc, FRACDS, Grad. Dip, Clin. Dent. (Sedation & Pain Control)
Specialist Private Paediatric Dentistry Practice - Sydney & Brisbane
Visiting Specialist in Paediatric Dentistry
Westmead Centre for Oral Health
Sydney Dental Hospital
Current IAPD Board Member
(Representative of Nations)
Specialist Clinical Associate
University of Sydney

Wolfgang Heinrichs, MD, PhD
Department of Anesthesiology
University of Mainz
Professor of Anesthesia
Johannes Gutenberg University Hospital, Germany

Rachel Lijue Ma, CNS
Clinical Nurse Specialist (Sedation and Pain Control)
Westmead Hospital
Clinical Lecturer
Faculty of Dentistry
The University of Sydney

Quirino Piacevoli, MD, PhD
Professor and Head, Department of Anaesthesia and Intensive Care
A.C.O. San Filippo Neri- Rome, Italy
President, World Society of Total Intravenous Anaesthesia
President, Society of Clinical Risk Management

Ricardo Munoz, MD
Chief, Cardiac Intensive Care
Director, Cardiac Recovery Program
Children’s Hospital of Pittsburgh
Associate Professor,
Critical Care Medicine, Pediatrics, and Surgery
University of Pittsburgh

Ruben Nazario, MD, FAAP
Section of Inpatient Pediatrics
Kentucky Children’s Hospital
Assistant Professor of Pediatrics
University of Kentucky College of Medicine

Al Patterson, Pharm D.
Director, Department of Pharmacy
Children’s Hospital Boston

Jack Percelay, MD, MPH, FAAP
E.L.M.O. Pediatrics, New York, NY
Pediatric Board Member,
Society of Hospital Medicine

Morton Rosenberg, DMD
Professor and Head,
Division of Anesthesia and Pain Control
Department of Oral and Maxillofacial Surgery
Tufts University School of Dental Medicine

Devona Slater, CHC, CMCP
President,
Auditing for Compliance and Education, Inc.
Leawood, KS

Stephen Wilson, DMD, MA, PhD
Professor, Clinical Pediatrics
Director, Division of Pediatric Dentistry
Cincinnati Children’s Hospital Medical Center
Douglas Stewart, DMD
Program Director, Grad Diploma in Clinical Dentistry (Conscious Sedation & Pain Control)
Clinical Associate Professor, Clinical Dentistry (Sedation)
University of Sydney
President, International Federation of Dental Anesthesiology

Robertta Forman, RN, BSN
Interim Nurse Manager, Radiology
Clinical Coordinator, CT Imaging

Floreen Knight, N, BSN
Clinical Coordinator, Interventional Radiology

Babu Koka, MD, MBBS
Clinical Director, Perioperative Anesthesia
Assistant Professor of Anesthesia
Harvard Medical School

Michele Morin, MSN
Nurse Manager, Emergency Services

Michele Pirich, RN, BSN
Nursing Liaison, Quality Assurance
Radiology Sedation Program

Randy Prescilla, MD
Instructor in Anesthesia
Harvard Medical School

Ellen Gentile-Savage, N, BSN
Lead Nurse, Perioperative Patient Screening

Cynthia Stark, RN, MS, CPNP
Pediatric Nurse Practitioner
Radiology Sedation Service

Steven Zgleszewski, MD
Anesthesia Director,
Gastroenterology Procedure Unit
Instructor in Anesthesia
Harvard Medical School

Kathleen Bucci, RN, BSN
Lead Nurse, MRI

Maureen Carrier, RN, BSN
Lead Nurse, MR Imaging

Margo Coakley, RN, BSN
Staff Nurse, Perioperative Patient Screening

Margaret D’Angelo, RN, BSN
Lead Nurse, CT Imaging

Jennifer Dearden, MD
Instructor in Anesthesia
Harvard Medical School

Francine Falvo-Caruso BSN, CPEN
Nurse Educator, Emergency Services

CONCURRENT SPECIALIZED TRACKS

SATURDAY SPECIALIZED TRACKS

A- Hospital Medicine and Sedation in 2009 and Beyond
   2:30-3:10 Systematic Support for Successful Sedation Services: The Hospitalist Perspective
      (Jack Percelay, MD)
   3:10-3:40 Training and Credentialing of Pediatric Hospitalists for Moderate and Deep Sedation
      (Doug Carlson, MD)
   3:40-4:00 Planning a Safe Sedation (Doug Carlson, MD)
   4:00-4:40 Sedation Cases: What Should Be in the Hospitalist Tool-Box? (Ruben Nazario, MD)
   4:40-5:00 Coding and Billing for Hospitalists (Devona Slater)
   5:00-5:30 Panel Discussion (Carlson, Percelay, Slater and Nazario)

B- An In-Depth Look at Dexmedetomidine
   2:30-2:50 Pharmacology, Pharmokinetics, and Clinical Applications of Dexmedetomidine
      (Jerrold Lerman, MD)
   2:50-3:10 What’s the P + T Committee? How to Bring a New Drug into the Hospital
      (Al Patterson, Pharm D.)
   3:10-3:25 Open Questions (Patterson, Lerman)
   3:25-3:45 Cardiac Effects of Dexmedetomidine (Ricardo Munoz, MD)
   3:45-4:05 Dexmedetomidine for Non Painful Sedation (Keira Mason, MD)
   4:05-4:25 Recovery and Discharge: Nuances, Strategies and Observations (Michele Pirich, RN)
   4:25-4:45 Dexmedetomidine in the Intensive Care Unit (Ricardo Munoz, MD)
   4:45-5:05 Dexmedetomidine, Implications for the Future, What Studies are Needed?
      (Jerrold Lerman, MD)
   5:05-5:30 Panel Discussion (Munoz, Lerman, Mason, Pirich)

C- Dental Challenges and Solutions Facing Dental Sedation: A Global View
   2:30-3:00 Pediatric Dental Sedation in 2009: Training, Scope of Practice and Challenges
      (Stephen Wilson, DMD)
   3:00-4:00 The Future of Sedation/Anesthesia in Dentistry: Where We Come From,
      Where We Are and Where We Are Going (Morton Rosenberg, DMD)
   4:00-4:30 The Role of the Dental Simulator for Training of Sedation (Douglas Stewart, DMD)
   4:30-5:00 Dental Sedation: Reimbursement Challenges (Devona Slater, CHC, CMCP)
   4:30-4:45 Lecture
   4:45-5:00 Q and A
   5:00-6:00 Shared National and International Ideas: Future Sedation Models for Dentistry
      (Stewart/Alcaino/Rosenberg/Wilson) 5 Minute Presentations and Panel Discussion
   6:00- 6:30 Adverse Events in Dental Sedation- Shared Experience Across the World
      (Alcaino/ Wilson)

D- Clinical Applications of Pediatric Simulation Today and in the Future
   Wolfgang Heinrichs, MD, Quirino Piacevoli, MD
SUNDAY SPECIALIZED TRACKS

A- Challenges, Solutions and the Important Role of Nursing
(Moderator: Roberta Forman, RN)

- 2:30-2:55  Computerized Ordered Entry: How to Reduce Mistakes (Shannon Manzi, PharmD)
- 3:20-3:45  Medical Emergencies: Strategies for Sedation (Rachel Ma, RN, BSN)
- 3:45-4:10  Sedation for Patients with Special Needs (Rachel Ma, RN, BSN)
- 4:10-4:30  Pentobarbital: Advantages, Disadvantages and Limitations (Maureen Carrier, RN, BSN)
- 4:30-4:50  Dexmedetomidine: Perils, Pitfalls and Challenges (Kathleen Bucci, RN, BSN)
- 4:50-5:05  Recovery after Dexmedetomidine: Nuances, Strategies and Observations (Michele Pirich, RN, BSN)
- 5:05-5:30  Sedation for Painful Procedures (Floreen Knight, RN, BSN)

B- An In-Depth Look at Dexmedetomidine
Same schedule as Saturday Track

C. Sedation: Combining the Art and Science of Procedural Sedation:
A Case-Based Approach

This interactive workshop will present a case-based approach to procedural sedation, with
individualized sedation recommendations and management guidelines by procedure and setting.
Emphasis will be placed on both the art and the science of procedural sedation.
Topics will include: determining when sedation is needed, determining the type and level of sedation
required for each intervention, combining non-pharmacologic techniques for managing acute anxiety
and pain with pharmacologic sedation, discussion of individual agents for sedation and analgesia,
guidelines for preparation, management, and discharge of sedated patients, monitoring guidelines,
and medicolegal aspects of pediatric sedation. Case studies and clinical scenarios will be emphasized.
Participants are encouraged to bring cases from their practice for discussion.
Elisabeth Guenther, MD, Robert Kennedy, MD, Baruch Krauss, MD

D- An In-Depth Look at Propofol: A Multispecialty Forum

- 2:30-2:50  Propofol: Pharmacology, Pharmokinetics, and Applications in Pediatrics (Jerrold Lerman, MD)
- 2:50-3:10  Training Model for Propofol Administration by Hospitalist (Doug Carlson, MD)
- 3:10-3:40  Training Model for Propofol Administration by Emergency Medicine Physician (Elisabeth Guenther, MD)
- 3:40-4:00  Hospitalist Case Studies: Clinical Applications and Limitations (Doug Carlson, MD)
- 4:00-4:20  Emergency Medicine Case Studies: Clinical Applications and Limitations (Elisabeth Guenther, MD)
- 4:20-4:40  Regulations Governing Usage- Do They Apply to Us? (Doug Carlson, MD)
- 4:40-5:00  Propofol Sedation in Europe --- Shared Experiences (Quirino Piacevoli, MD)
- 5:00-5:30  Propofol in the Future: Targeted Controlled Infusions (Wolfgang Heinrichs, MD)
**CALL FOR ABSTRACTS**

**Deadline for Submission of Abstracts: June 1, 2009**

Detailed submission guidelines, abstract submission form, and disclosure form can be found at: http://www.childrenshospital.org/pediatricsedationcourse

Abstracts are blindly reviewed by the Abstract Committee. Authors will be notified if their abstract is chosen for poster display at the September 12-13, 2009 conference.

- Only abstracts submitted in proper form will be considered. Please use the template which is available at the above website.
- Ensure that the disclosure form is completed and returned with abstract. (Only Presenting Author needs to complete this form)
- E-mail the file to: amanda.buckley@childrens.harvard.edu. Subject line should read: Abstract Submission – Presenting Authors Last Name, i.e. – “Abstract Submission – Smith”.
- These documents will be processed electronically. The blinded copy will be torn off and submitted to the reviewers. If your document does not strictly follow the proper format it will not be processed.

**ACCREDITATION**

Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Harvard Medical School designates this educational activity for a maximum of [Course only 14.25] or [Course with 4 Optional Breakout Panels 20.25] AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity. The American Medical Association has determined that physicians not licensed in the US who participate in the CME activity are eligible for AMA PRA Category 1 Credit(s)™.

Approved by the American College of Emergency Physicians for a maximum of 20.25 hours of ACEP Category 1 credits.

This course is additionally approved for AANA, CEU, and Risk Management credits.
COURSE DETAILS

TUITION FEE: $699 (USD)

- Optional Breakout Panels & Workshops
- Pediatric Nursing: $50 (USD)
- Propofol: $50 (USD)
- Ketamine: $50 (USD)
- Hospital Medicine: $50 (USD)
- Dexmedetomidine: $50 (USD)
- Billing: $50 (USD)

- Pediatric Human Sedation Simulator Workshop: $100 (USD)
- Dental Sedation Simulator Workshop: $100 (USD)

Reduced Fee for five or more attendees from the same hospital/institution: $599/ per person. (In order to receive this discount, you must mention this while registering. Offer valid only at the time of initial registration)

All foreign payments must be made by a draft on a United States Bank or by Visa or MasterCard. If paying by check, please make payable to Harvard Medical School and mail with completed registration form to Harvard Medical School–Department of Continuing Education, PO Box 825, Boston, MA 02117-0825. If paying by credit card, please register online at www.cme.hms.harvard.edu/courses/pediatric. Telephone or mail-in registration with credit card payment is not accepted. Inquiries should be directed to the above address, made by phone: (617) 384-8600, Monday–Friday, 10 AM to 4 PM (EST), or by email: hms-cme@hms.harvard.edu. Upon receipt of registration a confirmation will be mailed to the address listed on the form.

ONLINE INFORMATION:

To register or view course information online, visit: www.cme.hms.harvard.edu/courses/pediatric

To ensure proper registration, please add the first three characters of the source code found by your name on the mailing panel.

REFUND POLICY:

A handling fee of $60 is deducted for cancellation. Refund requests must be received by mail one week prior to the course. No refunds will be made thereafter.
COURSE LOCATION/ ACCOMMODATIONS:

All sessions will be held at:
The Boston Park Plaza, 50 Park Plaza at Arlington Street, Boston, MA 02116
Telephone: (617) 426-2000

Hotel rooms in Boston are limited. You are urged to make your reservations early. A limited number of rooms have been reserved at The Boston Park Plaza (Telephone: 1-800-225-2008) until August 12, 2009. Please specify that you are enrolled in this course to receive a reduced room rate of $279 per night Single/Double. A map of Boston listing local hotels will be sent with your confirmation of enrollment. For additional housing assistance, call Boston Reservation at 781-547-5427.

You may make hotel arrangements online at: http://starwoodmeeting.com/book/psc0908
